

COVID - 19 Preventative Measures

COVID-19 PREVENTATIVE MEASURES

COVID-19 Update

This message was last updated on Thursday, June 11, 2020.

[Click here](#) to view the St. Charles County Covid-19 page. This page is updated daily with useful information that we utilize here at the convention center.

AtmosAir, an air purification technology, will be installed within 6 weeks. The air purification technology will produce hospital quality air circulated throughout the convention center. See below at the bottom of this page for more information about the technology.

Please visit our [FAQs page](#) for answers related to COVID-19.

We have taken enhanced health and safety measures to protect our venue guests. However, there is an inherent risk of exposure to COVID-19 in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the CDC, senior citizens and guests with underlying medical conditions are especially vulnerable. By entering the venue, you voluntarily assume all risks related to exposure to COVID-19, and Venue disclaims any and all liability related thereto.

In accordance with the guidance and recommendations set forth by the CDC and local health officials, we respectfully request that the following guests not attend events:

- Guests who are feeling sick or experiencing cold or flu-like symptoms (including fever, cough and shortness of breath);
- Guests who have been diagnosed with, or believe to have contracted, COVID-19, unless you have had no fever for 72 hours (without use of medicine) and 10 days have passed since symptoms first

appeared;

- Guests who have been in contact with an individual diagnosed with COVID-19 within the past 14 days; and
- Guests who have traveled internationally in the past 14 days.

It is required that all patrons entering the venue wear a facial covering or mask and keep it on at all times while in the venue.

The Saint Charles Convention Center (SCCC) continues to closely monitor impacts of COVID-19 and is working very closely with Saint Charles County and City Government as well as following CDC guidelines. The safety and well-being of our employees, partners, performers, athletes and guests is our top priority. We will continue to follow recommendations from the Centers for Disease Control and Prevention (CDC) and local authorities as the situation develops.

Your patience and understanding is greatly appreciated.

You may find our re-opening preventatives here and they will be updated as we add more information.

The convention center is open for meetings, however the facility will be locked during non-event times. The administrative office has regular business hours of 8am – 5pm. Please call 636-669-3300 for an appointment.

We will update this message as changes are made.

For regular, local updates please check the link for our local Public Health Department: <https://www.sccmo.org/394/Public-Health>. For additional information about COVID-19, please read the latest report from the Centers for Disease Control at www.cdc.gov
